About the Global MBA & MSc - Triple Master Program

The Global MBA - Triple Master Program at Swiss Graduate School of Business in Switzerland (www.sgsb.swiss) allows students to earn their MBAs in two or three Business Schools, in two or three countries. This program fully integrates and uniquely designed including indoor and outdoor activities into a rigorous international MBA degree program and allows for students to earn two additional masters with our partner universities. It provides opportunities to study in Switzerland, in Paris, France and/or any other country you preferred to experience different cultural settings and deal with the challenges of a global economy.

The MBA/MSc in Management with partner Universities/Business Schools to earn Triple Degrees, run jointly by 15 partner universities (see the site, listed 'Partner Universities') is a multi-combination with in-class learning program and outdoor extracurricular activities with seminars to earn extra credits, to reduce your learning period for a general management Master that allows you to study international business from a European and global perspective and get experience from a leading companies while your study tours. It is a triple Master's degree based in Switzerland,

France, Canada, Australia and in the United States of America. More detail for your degree will be consulted while having an interview with your Academic Program Dean to select for learning to study more effectively, shorter and more efficient study sessions, and eventually, better and outstanding grades, best outcomes. It's absolutely customized degree program.

With a mixture of academic periods on different campuses, in-company internships (option), and unique multicultural experience with a great diversity in the student body, this Master's degree aims to comprehensively prepare you for a wide range of career possibilities all focused on global business. While the first semester covers the fundamentals of management, the second semester on is devoted to a specialization, qualifying you for a future position in one of the following business fields: See the listed 15 majors.

The co-developed curriculum is delivered by faculty members from partner universities reflecting the complexity of today's global business life. This triple perspective on international management, situations and processes
